### Company Information

Odigo Services LLC is a 100%-woman minority owned business enterprise, established in 2019 in Houston Texas focused on project and business success. We bring a commitment of quality and passionate innovation to each of our service areas and are proud to be known both for our personal and professional integrity. In the project management arena, we consistently deliver value and customer focused solutions in each of our many and varied projects. Our customers are grateful for our open communication on every stage of project development. From the first bid to the last punch list the client knows and understands the project progress each step of the way.

As Consultants, we take the time to listen to customer vision and goals to minimize miscommunication or unmet needs. We strive to be transparent so there are no surprises. We recognize that people are essential for the success of any organization and offer solutions to help grow leadership, teams and businesses.
